Dental Care and Treatment

We provide a full range of NHS treatments (except NHS orthodontics and sedation) to all members of the public/children and NHS exempt patients.

We provide private treatment through 'Firs Premier' in our new suites with separate waiting room. Orthodontics and implants available. Please feel free to discuss these options with your dentist.

All our dentists undertake regular education and training to keep their knowledge and skills up to date and continue their professional development.

Other Information

Preferences

If you express a preference about which dentist you would like to see, we will make all reasonable efforts to ensure that your request is met. However, this may not always be possible. Should you wish to express a preference of practitioner, please state who you would like to be seen by when booking your appointment.

Disabilities

We endeavour to see all patients and our practice has been designed so patients with disabilities can access care. If you have a disability that you think we need to know about, please give us a call before your appointment and we will do our best to put suitable arrangements in place.

Missed Appointments

Missed appointments waste time and resources.

Please note our practice policy on missed appointments - **If you miss two appointments within a year, then we will no longer be able to offer you treatment on the NHS.**

Special circumstances will be taken into account. We may still be able to offer you private dental care.

Safety

Patients who are violent or abusive to practice personnel, to other patients or anyone else on the practice premises will be refused treatment and reported to the appropriate authorities.

Patient Confidentiality

We take patient confidentiality extremely seriously at Firs Dental and we have a strict confidentiality policy. We comply with the Confidentiality NHS Code of Practice and the Data Protection Act 1998.

Emergency Care

NHS patients *of the practice* who have a dental emergency from 8am - 8pm, when the practice is closed are advised to call - **03300 417062**
After 8pm call **NHS Direct FREE on 111** for help.

Private patients *of the practice* who have a dental emergency when the practice is closed should call **07794 536485** for help from our 'on call' dentist.
